

Rents in Greenwich

- Hexagon's average social rents for all bedroom sizes are lower than the borough average
- This is particularly true in larger homes - our average rent for our 52 four bedroom social rented homes in Greenwich is £15.96 cheaper than the borough average
- Hexagon has no bedsits in Greenwich

These figures exclude the small number of homes which are let on higher 'affordable' rents – there were 68 of these in Greenwich in April 2018.
